Around the world

“If I'm an advocate for anything, it's to move. As far as you can, as much as you can. Across the ocean, or simply across the river. The extent to which you can walk in someone else's shoes or at least eat their food, it's a plus for everybody. Open your mind, get up off the couch, move.”

Anthony Bourdain

Our Eco Gres® project continues to expand, with the addition of two new recycled stoneware collections: AMBAR and LAGOA ECO GRES.

Joining our first recycled collection PLANO, launched in 2020, AMBAR and LAGOA ECO GRES are made of Eco Gres®, a proprietary clay, made of recycled materials and completely sustainable.

All COSTA NOVA collections are produced with respect for nature - reusable and recyclable. AMBAR, LAGOA ECO GRES & PLANO go even further ahead, telling a unique story of how tableware can be made of recycled materials, completely eco-friendly, while remaining beautiful and functional at the same time.

“âmbar is a tribute to the circular shapes and soft contours of nature.

My first inspiration was stone and ring shapes as found in nature. âmbar always has a transparent outer body and inclusions and precious round objects inside. In my design process, I developed a language of forms in which sensual, circular outer contours and edges, concentric and irregular, are arranged in conjunction with each other. This results in exciting relief surfaces that go beyond the familiar.”

LAGOA ECO GRES

Lagoa Eco Gres features contrasting glazes, matte and dark grey on the exterior and a highly resistant black or white glaze on the interior. Perfectly imperfect in shape and naturally tactile, Lagoa Eco Gres balances handcraft artisanal elements with modern finishes.

Very high resistance to impact and food stain. Strong glazes.

Each piece's appearance may vary, depending on the time of the day and on the angle of the light — this is what makes it unique.

PEARL

The Pearl collection was inspired by the richness of the 18th and 19th century European ceramics. Round shapes with highly resistant beads were reinvented to create a new classic concept, that is, at the same time very contemporary and versatile.

The combination of Pearl items creates a sophisticated buffet staging. Its dinnerware impacts purely by its appearance, but it is also its global outstanding performance that should be highlighted.

STONEWARE |

Different sizes that allow a broad range of applications.

Inspired by the Italian way of life and crafted in Portugal by true artisans, CASAFINA fine stoneware products are unique, durable and timeless.

The brand offers a wide range of products, designed to create an inspirational dining experience.

Casafina's stylish, practical and robust collections are manufactured in the same factory as COSTA NOVA and designed for a long and varied life. The products perform extremely well in all restaurant and catering applications.

Casafina's inspiration

"When I was a little girl, my grandmother lived with us and cooked festive meals based on the recipes she brought over from Italy on weeknights, mind you we were very spoiled!

The smell of fresh baked bread, sautéed veggies and roasted meats filled every room in our home.

The magic moment of every day was finishing my homework and racing down the stairs to see the vibrant dishes my grandmother had lovingly made for us. For me, the beauty, the aromas, and the love were all wrapped up in that moment."

A glass dome is shown covering a wooden board. On the board, there is a wedge of yellow cheese, a pile of white cheese topped with seeds, and some bread. In the background, a bowl of bread and a small bowl of red jam are visible. The scene is set on a dark wooden table with a grey cloth in the background.
