AUTUMN-WINTER 2020/2021

Dear customer,

We are proud to present our Winter Wonderland catalogue. Togetherness, family, solidarity, friendship, conviviality,... are words that have become so invaluable to each of us in the past months. When we finally realise that we are all, everything and everyone, so closely connected and dependent on each other, as world citizens in the North and the East, South and West, then this terrible challenge has not been in vain.

We dedicate this winter edition '20 -'21 in particular to you! We have noticed that you still stand with us and we would like to thank you in particular for that. The last few years we have laughed, negotiated together and have been loyal partners for a long time. A sincere thank you for this!

This season, J-line has created collections, with which you can comfortably stay at home! Many of these collections are inspired by "bringing nature into your home", so you can fully enjoy the true cocoon feeling! Family values are central here and these collections make it possible for you to enjoy memorable moments with the whole family.

With J-line your house becomes a real home.

—the Jolipa family

FLUFFY FALL

Crisp air, pretty leaves, sweaters & boots. We love fall! Our newest “Fluffy Fall” collection is all about the typical fall features: deer, squirrels, mushrooms, falling leaves, warm blankets, hot tea and candles. After a long walk in the forest you can throw off your boots and nestle yourself on the couch, with soft cushions to disappear into. Stay cosy!

LA VIE EN VIOLET

La vie en violet! Did you know that purple is chosen to be 'the' fashion colour of 2020? Entirely justified if you ask us! When you mix the strength of red and the serenity of blue, you get this beautiful violet. The base colour for our "La Vie en Violet" collection, which breathes future, imagination and dreams. The dried flowers and light toned cushions make you totally zen and create a balance between our physical and mental energy. *Don't worry, be purple!*

LES ANNÉES FOLLES

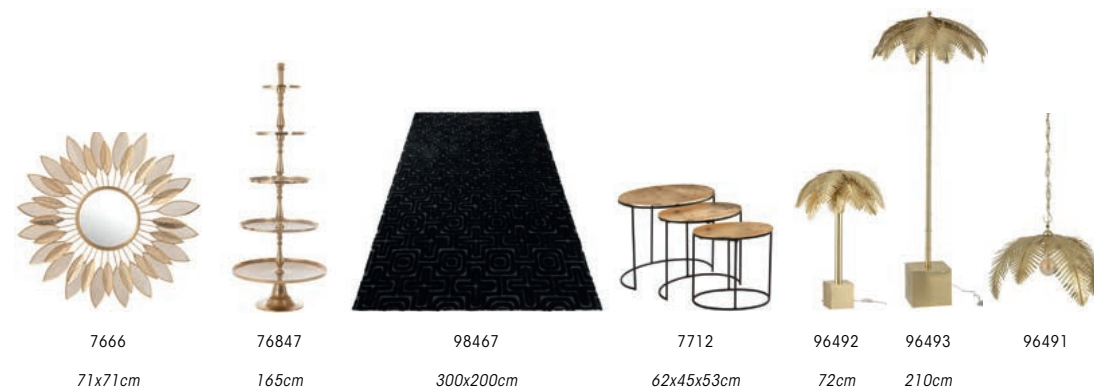

Who wouldn't have loved to live in an epic era? Welcome to the famous 1920s, where everything flows freely. Just think of the numerous buffets and parties that were organized at the time. Fantastically decorated tables, set with gold accessories and an endless supply of tableware and flowers. It's all in the details: magnificent glass candle holders, gold mirrors as trays and not to mention the famous feathers. *Let's party like Gatsby! You are invited...*
